

## Melting Snowmen Cookies

### Ingredients:

- 2 Sugar cookies
- 2 Tbsp frosting
- 2 large marshmallows
- 4 M&Ms
- Food Gel: Orange & Black

### Instructions:

1. Use a plastic knife to spread 1 Tbsp of frosting over each cookie.
2. Make the Snowman's head by placing a marshmallow, flat side down near the top of each cookie, using frosting as "glue."
3. In a line coming down from the marshmallow, place 2 M&Ms to look like buttons.
4. Use black gel to make eyes and mouth on the marshmallows. Then draw twig arms and hands, near the marshmallow on both sides, extending about halfway down the cookie, slightly angled.
5. Use orange gel to draw a carrot nose between the eyes.
